

Catholic Social Teaching

IN OUR CURRICULUM

GEOGRAPHY

CARE FOR CREATION

Perspectives

A wide range of scales in all Key Stages are considered, such as from our local community to international organisation.

Stewardship

A variety of stakeholder views representing different perspectives on stewardship and sustainable resource consumption are evident in all schemes of work.

Sustainability

Rooted through all teaching is the fundamental understanding of sustainability whereby individual actions that contribute to our world must be considered.

Live out our faith...
